### **David Bammel Named Vice President of Digital Technology for JLG® and Jerr-Dan®**

*Taking over the reins for development and execution of the Access segment's  
digital vision and strategy*

Hagerstown, MD (May 13, 2021) — Jerr-Dan, an Oshkosh Corporation company (NYSE: OSK), announces that David Bammel has been named Vice President of Digital Technology for Oshkosh Corporation's Access segment, which includes JLG® aerial lifts and material handling equipment and Jerr-Dan® towing and recovery equipment. In this role, Bammel will be responsible for the development and execution of a digital vision and strategy for each brand. Bammel will be based out of the company's offices in Hagerstown, Maryland.

"David is a thought-leader in the digital space, recognized for accelerating growth and advancing corporate strategic objectives across multiple disciplines, departments and industry segments," said Frank Nerenhausen, Oshkosh Corporation executive vice president and president of the company's Access Segment. "We are pleased to have his expertise to drive our technology-enabled business transformation. His efforts will support future growth, while continuing to accelerate digitization across the company."

"I am excited to have the opportunity to work for such a well-established and respected company," says Bammel. "I see myself as a catalyst for organizational development and sustainable business growth, and in this role, I will work to carefully orchestrate and support enterprise-wide technology changes that will enable JLG and Jerr-Dan to continue exceeding customer expectations."

Bammel joins the JLG and Jerr-Dan teams with more than 25 years of digital technology, business transformation and applied technology experience, including positions within manufacturing environments and in global locations. Most recently, he was Senior Vice President at GCP Applied Technologies His past experience also includes serving as Director of Information Technology for AGCO, a global manufacturer and distributor of agricultural equipment. He is a graduate of Alfred University in New York.

## Forward Looking Statements

This news release contains statements that the Company believes to be “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact, including, without limitation, statements regarding the Company’s future financial position, business strategy, targets, projected sales, costs, earnings, capital expenditures, debt levels and cash flows, and plans and objectives of management for future operations, are forward-looking statements. When used in this news release, words such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe,”

“should,” “project” or “plan” or the negative thereof or variations thereon or similar terminology are generally intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions and other factors, some of which are beyond the Company’s control, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These factors include the overall impact of the COVID-19 pandemic on the Company’s business, results of operations and financial condition; the duration and severity of the COVID-19 pandemic; actions that may be taken by governmental authorities and others to address or otherwise mitigate the impact of the COVID-19 pandemic; the negative impacts of the COVID-19 pandemic on global economies and the Company’s customers, suppliers and employees; and the cyclical nature of the Company’s Access Equipment, Commercial and Fire & Emergency markets, which are particularly impacted by the strength of U.S. and European economies and construction seasons.
